ONZE GESCHIEDENIS

1987: De maatschappij NV Sebahat werd in 1987 opgericht door Cavit Sebahat te Enschede, Nederland, waar hij begonnen is met de productie van Loukoum (Turks fruit) om te voldoen aan de grote marktvraag naar dit erg gewaardeerde product.

1990: Als gevolg van het snelle succes van de NV Sebahat en van de voortdurend toenemende behoefte die op de markt bestond, werd in 1990 besloten om naar Brussel te verhuizen, waar de omgeving voor een bedrijfsuitbreiding gunstiger was, aangezien een heel deel van de familie « Sebahat » in Brussel woonde en de Heer Cavit Sebahat zijn succes met zijn familie wilde delen en de maatschappij samen met zijn familie groot

wilde maken. Om het productgamma uit te breiden, begint de NV Sebahat eveneens met de productie van de Halva en van gearoma- tiseerde instantdranken.

1996: Gedurende meer dan 9 jaar levert de maatschappij Sebahat aan heel de Europese markt, waar ze het merendeel van de Loukoum- en Halvainvoerders en –groothandels bevoorraadt. Om haar markt buiten de Europese grenzen te ontwikkelen, besloot de maatschappij Sebahat om deel te nemen aan talrijke internationale voedingsalons, om in contact te komen met markten van over heel de wereld, zoals de markten van Amerika of Azië.

2001: Trots over een activiteit die al meer dan 20 jaar bestaat en over een voortdurend toenemend productievolume besloot de NV Sebahat een volledig nieuwe fabriek op te richten, uitgerust met de beste spits technologieën op het gebied van industriële

voedingproductie. Het bedrijf werd opgericht in Brussel op een terrein van meer dan 10.500 m² waarvan meer dan 5.000 m² bebouwd is. In december 2001 was de nieuwe fabriek klaar om te beantwoorden aan de nieuwe gezondheidsvereisten (HACCP) en aan het als-

maar toenemende volume bestellingen.

2004: Met trots stelt de NV SEBAHAT vandaag een steeds groter wordend productgamma voor; regelmatig worden grote investeringen gedaan om dit productgamma uit te breiden en op de markt de beste producten uit de sector aan te bieden.

2005: De NV SEBAHAT is trost vandaag en stelt een nieuwe produktgamma gemaakt met een unieke vormkast die meer en meer wordt gewaardeerd op het markt.

2006: De NV SEBAHAT brengt een paar nieuwe produkten die met de naam Loukoum Lovly, Silvy en Pera op de markt en dat met behulp van hun nieuwe produktie system.

Met dit succes, de NV SEBAHAT wilt haar produktiegamma vergroten en zit alleen op het wereldmarkt met een produktie van Loukoum's omhult met chocolade.

Dit groeiende succes is te danken aan een uiterst verzorgde productie, aan de deskundige keuze van de ingrediënten, het uitgebreid assortiment en de originele creaties. Met het gamma aromatische theeën, helva en limonades is het assortiment compleet. Een uitgebreide keuze die liefhebbers van de goede smaak vanzelf verleidt.

HISTOIRE DE SEBAHAT

1987: La société à été créée par Cavit SEBAHAT en 1987 à Enschede aux Pays-Bas où il s'est mis à fabriquer des lokoums pour palier au manque du marché dans ce produit très apprécié.

1990: Suite au succès rapide de la S.A SEBAHAT et au besoin sans cesse croissant du marché, le déménagement vers Bruxelles a été décidé en 1990 où l'expansion de la société était beaucoup plus avantageuse car la plupart de la famille « SEBAHAT » habitaient Bruxelles et Monsieur Cavit SEBAHAT voulait faire partager son succès avec sa famille et agrandir la société avec celle-ci. Pour élargir sa gamme de produits, la S.A SEBAHAT commence également à fabriquer le Halva et les boissons aromatisées instantanées.

1996: durant plus de 9 ans, la société SEBAHAT a fourni tout le marché européen en approvisionnant la plupart des importateurs de la grande distribution en Lokoum et Halva. Pour développer son marché au-delà des frontières européennes, la société a décidé de participer à la plupart des salons internationaux en produits alimentaires pour aller à la rencontre des marchés du monde entier comme l'Amérique ou l'Asie.

2001: Fier d'une activité vieille de plus de 20 ans et d'un volume de production sans cesse croissant, la S.A Sebahat a décidé de construire une toute nouvelle usine disposant des meilleures technologies de pointe dans le domaine de la production industrielle alimentaire. La société a été construite à Bruxelles sur un terrain de plus de 10.500 m² dont 5.000 surfaces bâti. En décembre 2001 la nouvelle usine était opérationnelle pour répondre aux nouvelles exigences hygiénique et sanitaires (HACCP) ainsi qu'aux commandes toujours plus importantes.

Son succès croissant s'explique par une production entouré de soins très rigoureux, par sa compétence dans le choix de ses ingrédients, par l'étendue de son assortiment et l'originalité des ses créations. Ses thés aromatisés, ses helvas, Tahin, confitures, miels complète une gamme qui ravit les amateurs de bon goût.

1990 der Umzug nach Brüssel beschlossen, wo es viel vorteilhafter war, die Gesellschaft zu erweitern, denn die Mehrheit der Familie "Sebahat" lebte in Brüssel, und Herr Cavit Sebahat wollte seinen Erfolg mit seiner Familie teilen und die Gesellschaft mit ihrer Hilfe vergrößern. 2001 : Stolz auf eine Aktivität, die älter als 20 Jahre ist, und auf ein Produktionsvolumen, das sich ständig erhöht, beschloss die AG Sebahat, ein ganz neues Werk zu bauen, dass über die besten Spritztechnologien im Bereich industrieller Nahrungsmittelproduktion verfügt. Der Standort wurde in Brüssel auf einem Gelände von mehr als 10.500 m², davon 5.000m² bebautes Grundstück, errichtet. Im Dezember 2001 war das neue Werk betriebsbereit und onnte den neuen Anforderungen im Gesundheitsbereich (HACCP) sowie auch den immer bedeutenderen Bestellungen entsprechen.

2004 entschloss sich SEBAHAT seine Produkte auch auf andere Gebiete und Märkte zu bringen und gründete somit die SEBAHAT GmbH. Die SEBAHAT GmbH hat mehrere Niederlassungen in Deutschland und vertreibt dort die Produkte der Firma SEBAHAT.

2005 in ihrer Branche war Sebahat schon immer der Vorreiter was Innovationen angeht. So wurde Sebahat die erste Firma die Lokums eine neue Form gab.
