THE GREEN
TASTE
OF AUSTRIA

THE COMPANY. Our pumpkin seed oil is made by the fourth generation at Pelzmann according to a traditional recipe. The company which started out 80 years ago as a small family business in the Austrian province of Styria, the original home of pumpkin seed oil, is today a modern, forward-looking company and the global market leader in pumpkin seed oil. Strict quality criteria and many years of oil-making experience ensure that the unique, mildly nutty Pelzmann flavor is preserved. Our product range includes pumpkin seed oil, oil specialties, fruit vinegars from untreated natural juice, pumpkin seeds and press cakes in end-consumer units, for private labels and in bulk for the processing industry.

DAS UNTERNEHMEN. Bereits in der vierten Generation werden Kürbiskerne in der Ölmühle Pelzmann mit traditionellem Wissen und viel Sorgfalt zu kostbarem Kürbiskernöl verarbeitet. Als weltweit führender Kürbiskernölerzeuger kombinieren wir heute die traditionelle Herstellungsweise mit modernster Technologie. Dadurch ist das ganze Jahr über gleichbleibende und höchste Qualität aller Produkte garantiert. Unser Geschäftsfeld umfasst Kürbiskernöl, Ölspezialitäten, Obstessige aus unbehandeltem Natursaft und Kürbiskerne. Pelzmann erzeugt für Endverbraucher, Private-Labels und für die weiterverarbeitende Industrie.
